

2008 Gauges Directory

Welcome to *Quality Digest's* 2008 Gauges Directory, which features more than 150 manufacturers and distributors of gauges. Each company listing contains their address, telephone and fax numbers, and a web address (if provided). Many of these companies supplied a list of the types of gauges they provide, selected from a predetermined list of more than 30 gauge types. Please refer to the abbreviations key for these types.

We encourage you to visit our Buyers Guide database online for the detailed descriptions of gauge products that were provided to us (http://qualitydigest.com/QDB/html/bg_search_form.lasso).

The products listed in this guide have been neither evaluated nor endorsed by *Quality Digest*. Only those companies that responded to our requests for information are listed. We hope this resource will help you get your gauge.

Acquisition Opportunity: Quality Control and Engineering Provider

Quality control industry leader providing inspection, quality engineering, training, and consulting services is considering a complete share sale of their business. The company provides services that address manufacturing quality issues to automotive industry manufacturers and suppliers throughout North America.

The Company

Established for over 20 years, they have grown tremendously in size, volume, and reputation to the point where they are now regarded as a preferred provider across North America. Revenue for 2007 was \$30M, earned approximately equally between Canada and the United States.

Strong gross margins have resulted from a solid track record of superior customer service with repeat blue chip customers including General Motors, Toyota, Chrysler, Hyundai, and Honda, to name a few. Forecasted 2008 EBITDA is \$1.78M.

Management & Employees

The company has a strong management team with great depth of experience. There are 700+ employees (full-time and casual) including a great number of highly qualified and experienced quality industry professionals.

Reason for Divestiture

As part of the parent's strategic vision, they have decided to divest itself of all non-core businesses.

Quality Management Software

Are you using Excel and Word, or a standalone QMS, to manage your company's quality and continuous improvement activity, with duplicate data entry?

uniPoint bridges a multitude of quality standards such as ISO 9001, TS 16949 and AS9100 and encompasses the principles of Lean Manufacturing. We ensure you can measure the cost and frequency of quality events.

uniPoint continuous improvement modules integrate your existing data, and automate your journey toward excellence.

New Features Coming in Version 11:

- Trend Analysis Module
- Web-Based Surveys
- Enhanced Doc Control
- FDA Part 11 Compliance
- New Integrations to SYSPRO, SAGE MAS 90/200/500
